

Dräger X-plore® 1300

The Dräger X-plore® 1300 – developed on the basis of market demands and customer requirements – sets new standards on comfort levels for filtering facepiece respirators. The result: an extremely comfortable, pre-formed dust mask for protection against solid and liquid particles. Its efficient filter material and ergonomic design make the Dräger X-plore® 1300 a disposable dust mask with maximum comfort, safety and user acceptance.

YOUR BENEFITS

- High level of wearer comfort through ergonomic shape and advanced filter media.
- Safety according to your needs – a color coded selection of protection levels and design variations, makes it easy to distinguish between protection classes.
- Ergonomic design allows the mask to fit well with safety glasses and goggles. A special seal in the area of the nose helps prevent fogging.
- Versions with an integrated Odor Control layer keep nuisance OV odors out.
- Integrated strap tension adjuster to allow the wearer to fine tune the mask to the proper comfort.
- A sure fit, for the most demanding conditions - the Dräger X-plore 1300® is available in two sizes (S/M and M/L).

Dräger X-plore® 1300

The ideal combination: comfort and safety.

Comfort nose pad

The ergonomic shape and the comfort nose pad provides additional sealing protection for various facial shapes. The Dräger X-plore® 1360 offers even more comfort and safety with its extra wide nose sealing pad.

Advanced filter media

The multi-layer high-performance filter material, available in two protective levels offers a superior level of filtration efficiency. Additionally, available is an Odor Control version to filter out nuisance organic vapor odors.

Comfort valve

The optional climate control comfort valve reduces breathing resistance and heat build-up inside the mask.

Highly elastic textile harness

The highly elastic “continuous looped” textile harness enables easy donning and doffing without pulling on his/her hair. All variations offer a unique strap tension adjuster to allow the user to comfortably secure the mask against their face.

Plastic coated nose clip

Fits and seals securely – plastic coating eliminates sharp edges.

Color coding

Nose clip and comfort exhalation valve are color coded according to the protection class.

Size

All variations of the Draeger X-plore® 1300 are available in two sizes, S/M and M/L.
